

# 3D Printing is Changing the World.

The uses of 3D printing are endless. From doctors and dentists to architects, from students to designers, from manufacturing to small business. Over the past three decades, 3D printing has developed a reputation as a fast and essential manufacturing process for prototype parts. Yet these parts are often little more than conceptual show-and-tell models, and not durable for long-term, functional use. The winds of manufacturing are beginning to shift, however, and industrial-grade 3D printing, or additive manufacturing, is now increasingly being used as a valuable complement to machining, injection moulding, and other conventional manufacturing processes. 3D printing helps you to manufacture multiple variations of the same product without any additional cost. You can customize the production of each item and reduce wastage substantially. With the advent of 3D printing, you can now bid the days of generic mass production goodbye.

## Why 3D Printing is a Must Go...

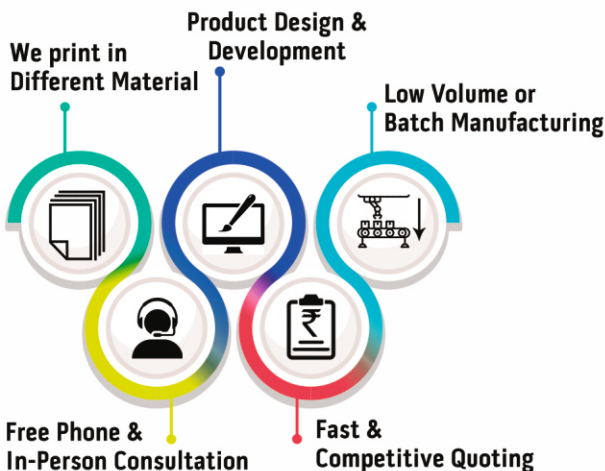

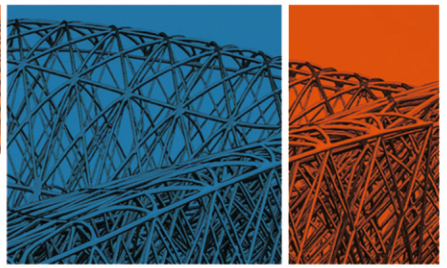

# We Are STPL...

STPL 3D printing is reinventing 3D printing. We are a passionate team of engineers, designers, and problem-solvers. Started out in Surat in 2017, we are committed to bringing innovative and sophisticated fabrication tools into the creative hands of designers, engineers, and artists around the world. An unprecedented convergence of design, performance, and accessibility, our 3D

Printing services brings professional-quality 3D printing to a broader audience. We believe in what we do, and we're excited about creating powerful tools that change the way we work and live. We are part of Sahajanand Group of companies who is serving in technology domain from last 3 decades.

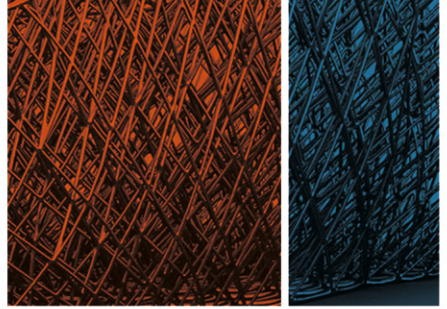

## Why Us:

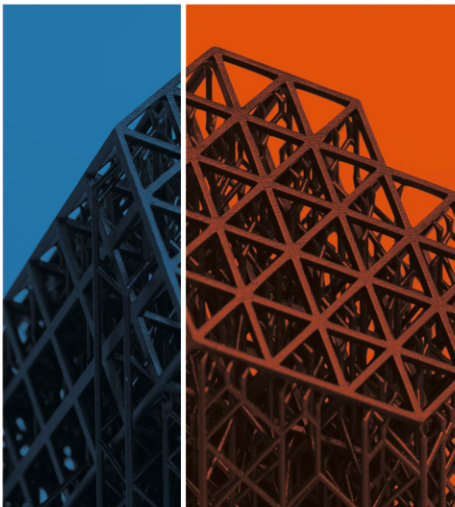

## Services We Offer

-  **Rapid Prototyping**
-  **Rapid Redesign**
-  **Tooling**
-  **Mold Making**
-  **End-Use-Parts**
-  **Mock-Ups**
-  **Functional Testing**
-  **Low Volume Production**
-  **Reverse Engineering**
-  **Fitment Testing**

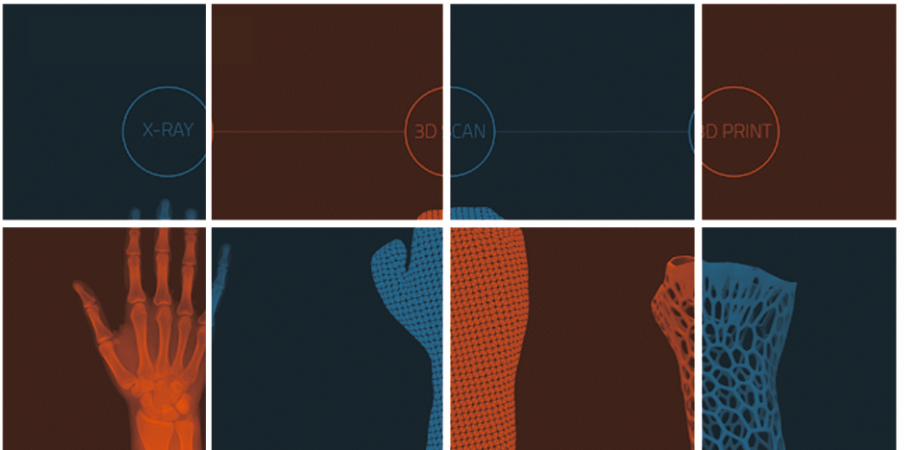

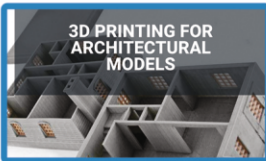

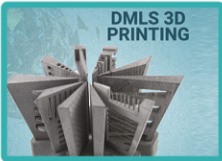

## Industries We Serve

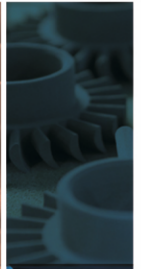

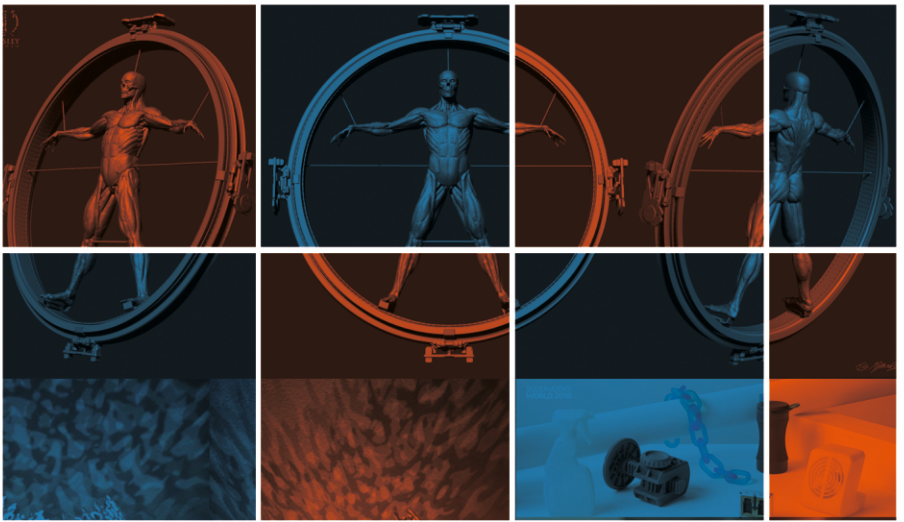

-  **Architecture**
-  **Automotive**
-  **Engineering**
-  **Fashion**
-  **Healthcare & Medical**
-  **Robotics**
-  **Education**
-  **Consumer Products**
-  **Art**

# Our Showcase

### Head Office

**SAHAJANAND TECHNOLOGIES PVT. LTD.**

Sahajanand Estate, Vakhariawadi, Near Dabholi Char Rasta,  
Ved Road, Surat - 395 004. GUJARAT, India.
